

# Third Sector Capacity Building SURVEY RESULTS

About **1/3** of organisations accessed capacity building support of which **22%** paid for this.

Capacity building that is **targeted** and **tailored** to respondents' needs, **offered a choice** and was delivered by providers with relevant **third sector experience**, was important to many organisations.

Our survey showed that there was a gap between what organisations wanted and what they were able to access...

**72%**

wanted support with **funding strategy**, but only **28%** accessed this

**43%**

wanted **longer programmes of learning**, but only **16%** had accessed this.

Respondents recommended that funders...

- try **new things**
- ensure they **don't duplicate** with other providers
- **listen to their needs** before developing a programme or co-developing support
