

# Summer Internships 2021

**Our internship scheme was established in 2014 to help our current 3rd year Robertson Scholars to enhance their C.V and gain valuable experience in the workplace before entering their final year of university. Internships are fully funded by The Robertson Trust.**

## Who are Robertson Scholars?

Since 1992, The Robertson Trust have identified and assisted over 1000 high achieving young Scots who have the ability but not necessarily the means to get the most out of a university education. As well as receiving a 4 year bursary award from The Trust, all Robertson scholars participate in our Journey to Success Programme which is designed as a personal development and training programme which is designed to build selfconfidence, presentation skills and other career related qualities.

---

"I have gained so much from my experiences over the past 2 months and I feel much more confidence about going into my 4th year knowing I have the skills under my belt and the professional network to help with my honours project."
