Budget

How many years funding are you requesting?

Our default position is to provide 5 years' funding, but you can request a shorter period of funding. If successful, your funding year will run for 12 months from the date we pay your award. In most cases this will be different to the dates of your financial year.

- 3
- 4
- 5

Please provide details of your planned expenditure in the table below in line with the following notes:

As our revenue awards are released annually, each column year should represent a full 12 months' expenditure.

Please try to include all the associated costs of your planned work and group expenditure under summary headings, e.g. travel costs, volunteer expenses, rent/utilities. Small items of capital expenditure, e.g. equipment or materials costs, can also be included.

If applying for salary costs you should provide details of each salaried post individually and include NI and employer contributions in the total salary cost for each. For sessional staff please provide the total cost of this under one summary heading. You can also include a proportion of your day to day running (core) costs for project specific requests and should list this as a separate item of expenditure. If you expect costs to increase year on year, e.g. due to salary increments or inflation, please show this in the table.

Expenditure Item	Year 1	Year 2	Year 3	Year 4	Year 5

Please provide details of any income confirmed towards the above costs, including who this is from, in the table below. This might include contributions from other funders, your organisation's own reserves etc.
