

Summer Internships 2022

Our internship scheme was established in 2014 to help our current 3rd year Robertson Scholars to enhance their C.V and gain valuable experience in the workplace before entering their final year of university. Internships are fully funded by The Robertson Trust.

Who are Robertson Scholars?

Since 1992, The Robertson Trust have identified and assisted over 1000 16-25 year olds who have the ability but not necessarily the means to get the most out of a university education. As well as receiving a 4 year bursary award from The Trust, all Robertson scholars participate in our Journey to Success Programme which is designed as a personal development and training programme to build self confidence, presentation skills and other career related qualities.

"I have gained so much from my experiences over the past 2 months and I feel much more confident about going into my 4th year knowing I have the skills under my belt and the professional network to help with my honours project."

Interested in hosting?

- Fully funded by TRT up to 225 hours of work experience or shadowing for each scholar and this can be completed full-time or part time. Each scholar will receive a bursary for the duration of their internship.
- We are completely flexible and leave it up to the host organisation to agree the start date and schedule of hours with the scholar.
- You would get the chance to interview interested scholars and choose who you think would be best suited to the role/organisation.
- If interested in hosting an intern you would be required to complete an internship overview template for the potential internship, please email scholars@therobertsontrust.org.uk to request the template for this.
- Full details of our data protection practices can be found in the [data protection policy](#) on our website.

2021 Hosts Include:
